Current Opening: Oracle Database Administrator

Description: We are currently seeking an individual with a strong background in Oracle Database Administration and Development to support web and desktop applications for a large enterprise. This position involves:

- Implementing and maintaining scheduled jobs to ensure optimal performance and integrity of the database systems
- Adhering to established Configuration Management processes and procedures for system change management
- Upgrading Oracle Database to latest versions
- Patching Oracle Databases
- Managing database security
- Controlling access permissions and privileges
- Setting up and administering enterprise scale servers
- Optimizing applications relying on Oracle Databases
- Developing and maintaining Continuity of Operations documents and materials
- Building new database schemas
- Promoting applications and data from development, to test, to production environments
- Monitoring and tuning database performance
- Working with Software Developers to ensure SQL queries run efficiently
- Providing technical consultation to Program Managers, Software Developers, Air Force Management, and other customers
- Performing trend analysis on system performance
- Recommending configuration changes
- Participating in planning activities to schedule system upgrades
- Applying Security Template Implementation Guides (STIGs) as appropriate

Required Experience and Skills:

- CompTIA Security+ Certification
- Extensive experience with Oracle Database
- 3+ years of experience administering Oracle Databases
- Strong experience in developing, maintaining and deploying complex Oracle Jobs
- Experience with VM Ware and other virtual environments
- Excellent customer service and communication skills
- Must have an active Secret security clearance

Preferred Experience and Skills:

- Bachelor's Degree, preferably in Computer Science, Information Technology, or related field
- Familiarity with the U.S. Air Force enterprise networks
- Experience working with the U.S. Air Force as a civilian, contractor, or service member
- Release Management experience
- Security Template Implementation Guide (STIG) experience

Hours:

- Full Time (average 40 hours per week)
- Flexible hours between 6:00 AM and 6:00 PM, Monday through Friday

Benefits:

Vangarde's comprehensive benefits package includes:

- Group health care plan
- Dental insurance
- Vision insurance
- Life insurance
- 401(k) plan
- 120 hours of vacation and paid time off
- 12 paid holidays per year
